

# Hockey Australia Membership Levy

The National Hockey Insurance Scheme is a policy held by Hockey Australia for all participants in the sport of hockey. This includes coverage for professional indemnity, D & O, and personal injury (see flyer) through all levels of the sport.

A portion of each individual HA membership (\$12) helps to contribute to funding the National Scheme, providing coverage for all hockey players in Australia. HA does not sell individual insurance policies to its members.

**IN ADDITION TO FUNDING THE NATIONAL SCHEME,  
THE HA MEMBERSHIP ALSO HELPS FUND A RANGE OF:**

participation programs

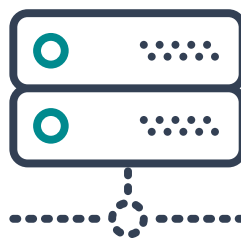

child safeguarding  
and integrity functions  
(including member protection)

club development  
resources

coaching and officiating  
development

the membership database  
and competition  
management system

and a number of other  
back office functions.
